Your life's about more than just work. Shouldn't your Palm-size PC be the same?

The PC companion that enhances the time you're working—and the time you're not. HP's Jornada 430se Palm-size PC bridges the gap between work and play, making your life more organized, more productive—and more fun!

Play your favorite MP3 music

Listen to your favorite songs in stereo quality with the Hum™ MP3 player software, and leave your portable CD player at home. Select from thousands of songs in MP3 format, plug in your earphones—and enjoy! With no moving parts, you can walk, run, and dance—and never hear your music skip!

Carry and share personalized photos

Personalize and view your photos in brilliant color using Image Expert™ CE software. You can annotate your images with text, voice, or digital ink, e-mail them to business associates, family, and friends, or collect groups of images into a digital photo album.

Listen to the news or an audio book

Enjoy a new way to stay entertained and informed. Your HP Jornada 430se Palm-size PC is AudibleReady™. Sign up with Audible.com™ to access daily articles from leading newspapers, best-selling fiction or non-fiction books, popular magazines, and much more.

Bring your important information with you

Carry your e-mail and never miss an appointment with intuitive, color-optimized HP Easy Contacts or Microsoft Pocket Outlook. Back in the office or at home, create and organize your daily notes with PhatWare™ HPC Notes™ 3.0 Lite. And synchronize information with your other PCs with desktop Microsoft Outlook 2000—included free!

Access information with the touch of a button . . . or the sound of your voice

Operate the HP Jornada with one hand using quick keys, and get the information you need instantly by clicking on quick launch screen icons. Or, simply say your contact's name aloud. HP Voice Contacts software responds by reading out the phone number or dialing it directly for you.

Work comfortably and securely

The HP Jornada is the perfect companion to your desktop or notebook PC. You'll work productively with Microsoft® Windows® CE. Enhanced HP security features allow you to leave your HP Jornada unattended and be assured that your data is safe.
